SODALITY PLAYERS WERE WINNERS

Gave St. John's Association From New London Royal Entertainment, But Sent the Visitors Home Defeated—Mayor Murphy a Guest—Programme of Music and Speeches in Cadillac Hall.

Members of St. John's Literary association of New London to the number of thirty, headed by their president, James P. Ahern, were guests of the society's Sodality and Literary association here on Monday evening, coming for a social evening and for the playing of a series of games which was one of the moving causes of the visit. In the games the results showed that the New London men would have to acknowledge the superiority of their entertainers but the sting of defeat for the New Londoners was forgotten in the warmth of welcome given them. The Sodality representatives made a clean sweep by winning all four of the events in which games were played, pool, pitch, whist and forty-five. The St. John's men arrived on a special trolley car in the early part of the evening and were at once escorted to the Sodality rooms, where the games were played until 10 o'clock. In pool the games resulted as follows: Moran (N. L.) 50, Desmond (N.) 24; Cranley (N. L.) 13, W. A. Sullivan (N.) 50; Dray (N. L.) 18, Driscoll (N.) 50. Total, Norwich 124, New London 87.

In whist the score stood, Norwich 124, New London 99. In pitch the Sodality won from St. John's 148 to 149 and in forty-five the Sodality was again a winner by the score of 36 to 34.

At 10 o'clock the games were over and the men of the two organizations turned to the hand of cards. Music by the band of the Cadillac orchestra during the feast.

As usual at these conventions, it is expected that there will be quite a display by the traveling men who will be in the city for the convention. The New London local is at the head of the reception committee, assisted by Secretary Joseph E. McGowan, and Danie Cowie and other members of the local.

It had been expected that National President J. D. Cummings of Philadelphia might attend, but a conflicting engagement in his own city makes this impossible.

MORE EGGS THAN LAST YEAR.

Hens at Storrs Are 2,000 Ahead of Figures in First Contest.

The total number of eggs laid during the 23d week of the international egg laying contest at Storrs was 2,218. More hens become broody as the weeks come and go; the warm spring days have had a great influence in causing the broodiness. At present this contest is ahead of last year's total production by about 200 eggs.

The Lehighs again carry practically all the honors for the week. The leading pen for the week was the Single Comb White Lehighs, owned by W. L. Slinger of York, Pa. This pen laid 20 eggs. The second place for the week was taken by the Single Comb White Lehighs, owned by Mrs. K. E. Woodruff of New Haven, and the third place by the Single Comb White Lehighs, owned by O. A. Foster of Santa Cruz, Cal.

There were five pens that tied for third place for the week, all of which were Single Comb White Lehighs. The owners of these pens are as follows: W. P. Canby of East Downingtown, Pa.; Leroy E. Sands of Hawley, Pa.; Robinson of East Downingtown, Pa.; Marwood Poultry farm, Butler, Pa.; and F. A. Jones of Northumberland, Pa.

Hibernians Had Class of 25.

The speakers included the members of the division on such a prosperous career and welcomed the guests. State President William T. May, who said the county membership would show an increase of approximately 1,750 members at the next convention; State Vice President John F. Leaney of New Britain, State Secretary John H. Butler of New Britain, County President James F. Fitzgerald of Norwich, Division President John H. Murphy of New Britain, former County President Patrick J. Ryan, who recalled pleasantly assisting in the organization of the division, former County President James C. Sullivan and Division President David A. Nagle.

TO BUILD PIERS IN EAST NEW LONDON.

Plans Have Been Approved by Construction Engineer and Committee.

Plans for the proposed steamship terminals at New London have been approved by William T. Donnelly, construction engineer, and by a sub-committee consisting of Frank V. Chappell, William Cadwell and Edward H. Warner. This committee will meet Wednesday.

The plans, prepared by Resident Engineer Waldo E. Clarke and engineers under his direction, provide for the construction of piers approached through land on which the commission has options in East New London. The proposed site, which has been approved by the sub-committee, is north of Long wharf. This is the most available through being accessible to either of the railroads.

The sub-committee will formulate its report to the commission and the commission will meet within a few days to consider the recommendations. It is probable that within two or three weeks the call for bids on construction work will be issued.

CIVIL ACTION TO RECOVER SUM OF \$4,800

Brought by Mystic Parties Against Norwich Man.

Alleging fraud in obtaining money for the help of a transaction, Edward A. Bucklin and mother, Clara A. Bucklin of Mystic, have started a civil tort action against Edward L. Root of Norwich to recover \$4,800. Surety to that amount has been furnished for Mr. Root by James Comstock of Waterford.

The plaintiffs allege that in April, 1912, Root gave them a contract to purchase Long Island real estate from Arthur P. Hilton. They allege that the actual amount given to Hilton was \$25. The suit is brought to recover the original money with interest.

This civil action is a result of a criminal action brought against Mr. Root for the same transaction. In the original action Mr. Root was bound over to the superior court, but when the case reached that court it was nolle.

LUSTROUS HAIR

SOFT-ABUNDANT

Unsightly, Matted, Scraggy Hair Made Soft and Lustrous at Once—Parisian Sage.

If your hair is anything short of perfect; if it is too dry—brittle—dull—thin, or has been falling out, you can immediately bring about a change by using Parisian Sage. The first application removes dandruff and increases the beauty of the hair. A scientific study of the hair shows just what elements are needed to soften it, make it wavy and glossy, and make it grow—just like watering the plants in the garden.

Parisian Sage supplies hair needs. It is a tea-colored liquid, delicately perfumed, not sticky or greasy, that comes in a fifty-cent bottle at the drugists, and toilet counters. The "Girl with the Auburn Hair" on the package.

Apply Parisian Sage and the effect is immediate. One application stops the hair from falling out. Use it daily for a week and you will be surprised and delighted. Those who have tried it tell us enthusiastic letters and tell all their friends about it.

At a few minutes before 8 in the evening, a telephone message called to the Lake street dump where rubbish was on fire. The firemen soon had it out.
